FUNDING

## Projects drafting

Preparation of a project within the framework of a European call based on an idea or need of our customers

### What do we do?

- » Listen to your idea
- » Search for the most appropriate call
- » Development of the idea to adapt it to the call
- » Drafting of the proposal
- » Partnership search
- » Management of the administrative documentation
- » Budget preparation
- » Proposal submission
- » Follow-up of the proposal until its resolution

### What can you achieve?

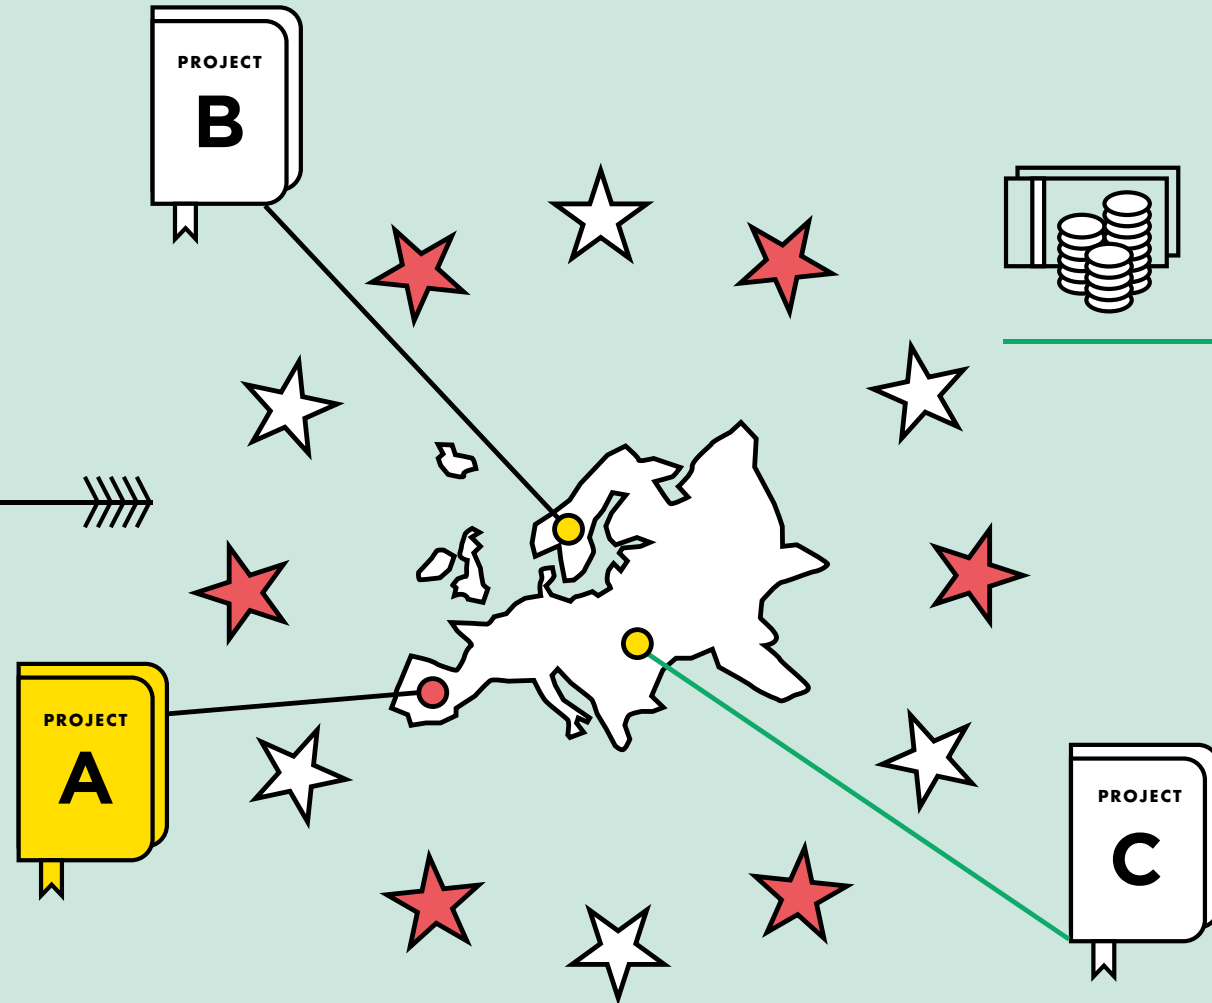

- » Knowledge of the funding possibilities for your idea
- » Information about the requirements to obtain funding
- » Finding of appropriate partners through our contacts' network throughout Europe
- » A defined work plan to submit the Project in a timely manner
- » Availability of a multidisciplinary team with extensive experience that will accompany you from the beginning to the end of the Project
- » Submission of a qualitative and competitive proposal
- » Assistance throughout our contacts' network for the negotiation of the project with the management authority

FUNDING

## Projects searching

Technical support to facilitate the participation in European projects and initiatives as a partner in the most appropriate programme

### What do we do?

- » Identification of the priorities of your organization for international collaboration
- » Check of the programs to fund your priorities
- » Design of a work plan to opt to different European funding
- » Representation of your organization at international level
- » Advice on the identification of feasibility projects
- » Intermediation in the relationship with leaders and project partners
- » Support on economic and administrative processing of the requested documentation

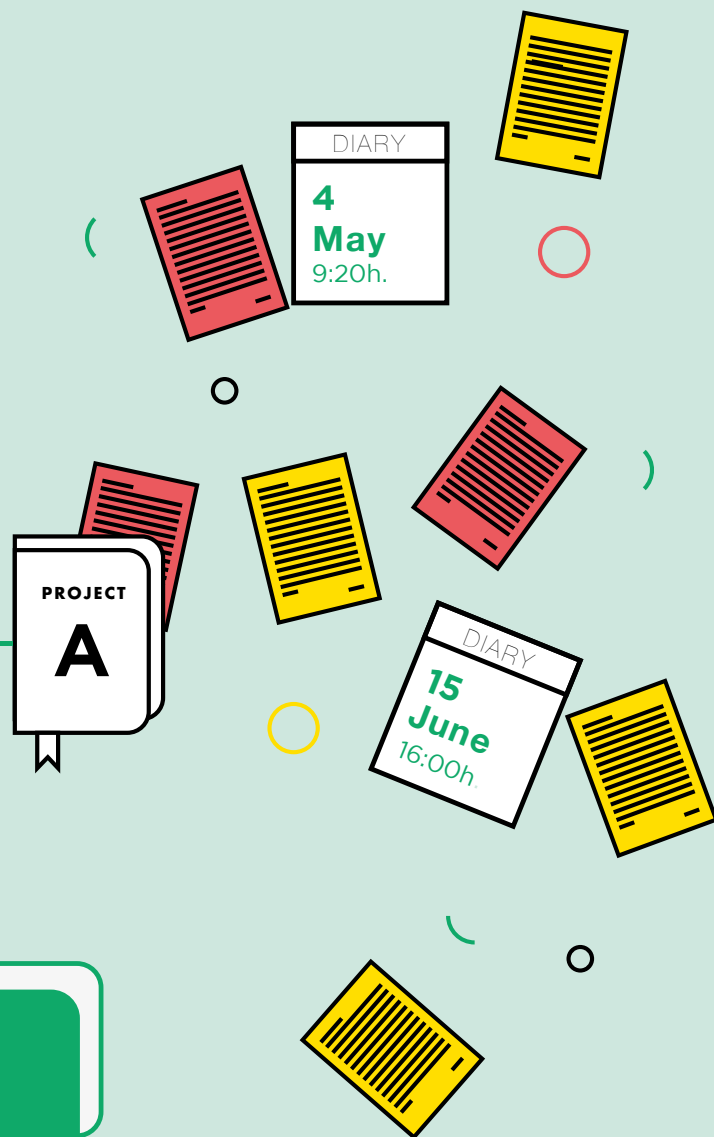

### What can you achieve?

- » Information about funding opportunities for your organization
- » Better positioning of your organization at national and international level
- » Expert advice to increase your chances of success
- » Financing for your goals
- » New collaboration opportunities

FUNDING
